Xerox® Connect App for NetSuite

Grow your capabilities and your business.

ORACLE NETSUITE

Xerox® Connect for NetSuite

Business managed even better.

Manage your business processes with NetSuite? This app makes it even easier by integrating the forms and documents those business processes depend on. An essential ERP system tool, it lets you scan and print directly to and from your NetSuite account.
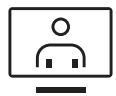

23% of businesses are unable to grow as quickly as they like because of missing tools in their ERP system.

BEFORE

PRINT

Log in to NetSuite. → Find the appropriate document. → Select the document and send to the printer. → Walk to the printer to pick up the document.

SCAN

Bring hard-copy document to your multifunction printer (MFP). → Scan the document to your email. → Return to computer and access the document. → Log in to NetSuite. → Find the right folder and save the document to your NetSuite account.

AFTER

PRINT/SCAN

Log in to your NetSuite account at the Xerox® MFP. → Print from your NetSuite account. Or scan, add metadata and deposit the file in your account.

Make business move faster with Xerox® Connect for NetSuite.

No business is completely digital. But with this essential companion app for NetSuite, you can make paper processes move at the speed of digital. Create searchable digital files in your Netsuite account by adding metadata right at the MFP when you scan. And find the documents you need in a flash with intuitive search capabilities. It's a fast, simple way to keep moving business forward.
